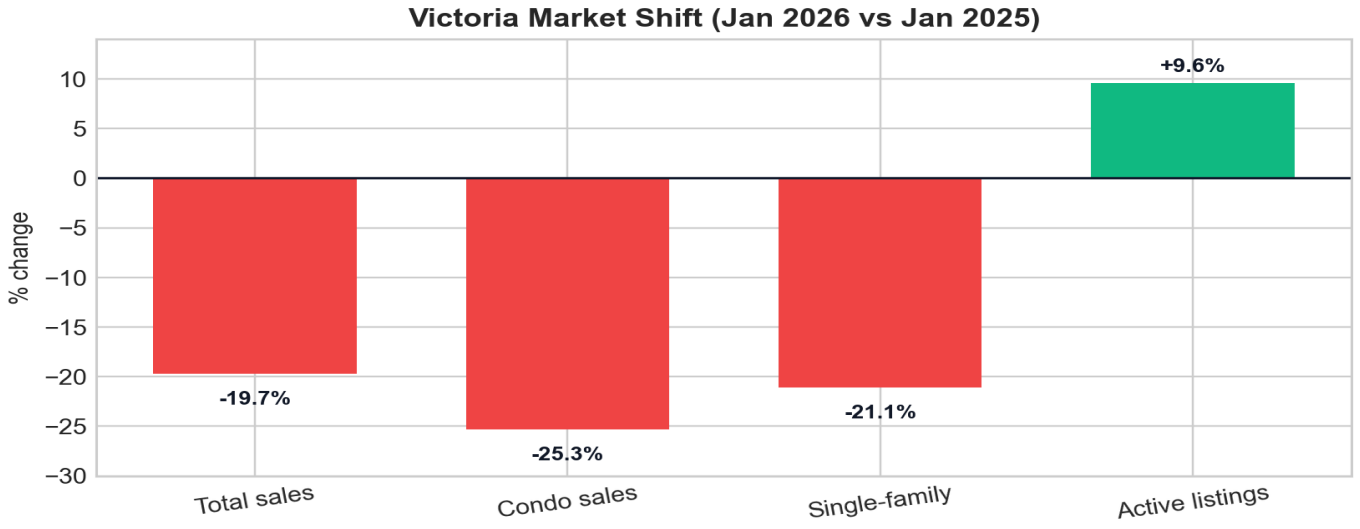
Trixode Outbound Playbook

Real Estate Operator Edition (Practical)

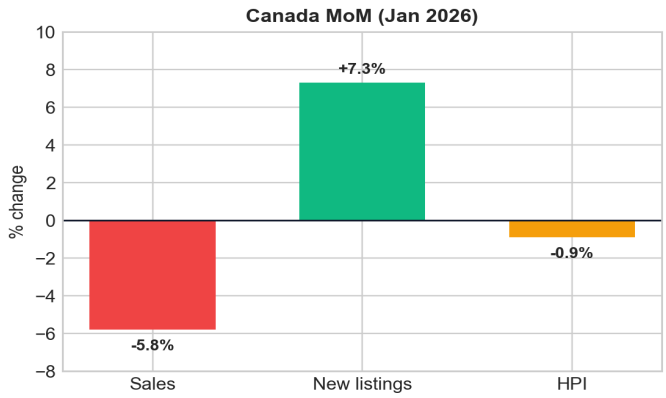
Victoria Sales	Active Listings	US 30Y Rate	BoC Policy Rate
339	2,624	6.01%	2.25%

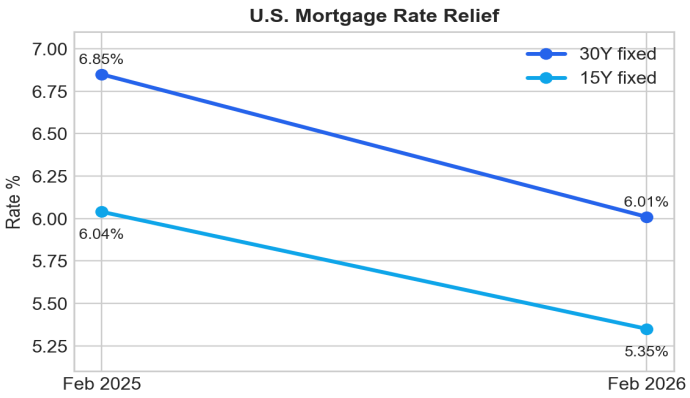
What this means this quarter:
1) Sales volume is down while inventory is up -> your prospects feel urgency.
2) Buyers still use agents heavily -> trust + response speed win deals.
3) Mortgage-rate relief is reactivating demand -> fastest teams capture the upside.

1) Market Reality (Use this in your outreach hooks)



North America Market Pulse





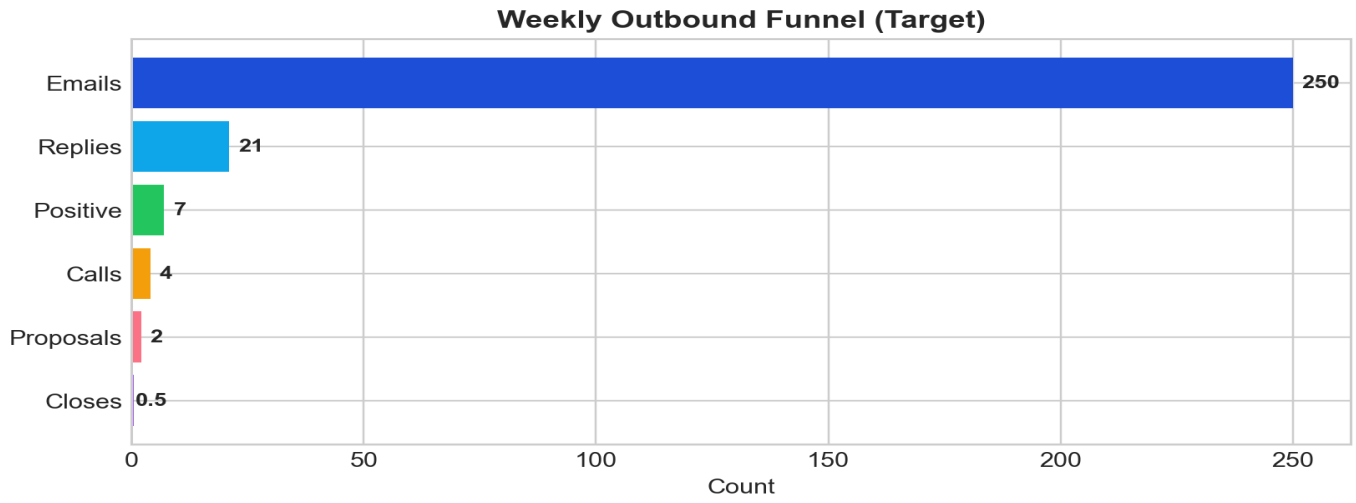
Copy-ready market hook:
[FIRST_NAME], with Victoria sales down 19.7% YoY and listings up 9.6%, teams with weak web-to-consult funnels are losing listing-side share quickly.

2) ICP This Week (Who to target first)

Tier	Who	Trigger	Priority
Tier 1	Team leads / boutique brokerages in Victoria	Listings falling, competitor relaunch, hiring SDR	Send video + custom email
Tier 2	5-80 agent teams across Canada/US	Low conversion website, weak local SEO	Send personalized text sequence
Disqualify	No budget / no decision maker / pure price shopping	No urgency, no timeline	Nurture only

3) Weekly Operating System (practical execution)

Metric	Weekly target	Formula
Leads researched	125	25/day x 5
Emails sent	250	50/day x 5
LinkedIn DMs	30	Warm prospects
Replies	21	(250 x 6%) + (30 x 20%)
Calls booked	4	21 x 35% x 55%
Proposals	2	3 calls held x 67%
Closes	0.5	2 proposals x 25%



4) Script Pack (copy and send)

Hook: [FIRST_NAME], with local sales down and listings up, weak web funnels are costing listing-side share.
Meat: We help teams improve web-to-consult conversion by fixing [FIX_1], [FIX_2], and [FIX_3].
CTA: Want the 1-page audit for [BROKERAGE] so you can decide quickly?

Email Day 1 subject: quick idea for [brokerage]
Body: [FirstName], noticed [specific_site_gap] on [BrokerageSite]. In this market, that usually means fewer qualified consult calls. We help real estate teams improve listing and buyer lead conversion with conversion-first websites, local SEO, and AI follow-up. I mapped 3 fixes for [Brokerage]. Want the one-page version?

Email Day 3 subject: 3 wins for [brokerage]
Body: Top opportunities: [WIN_1], [WIN_2], [WIN_3]. No hard pitch. Want the full notes?

LinkedIn connect: Hey [FirstName], saw your work in [MARKET] and wanted to connect.
DM after accept: Noticed [OBSERVATION] at [BROKERAGE]. Is [PAIN_POINT] a focus this quarter?
Voice note: Quick 30 sec: spotted [GAP], simple fix is [FIX], want the one-page breakdown?

5) 15-Min Discovery + Objection Responses

Discovery flow (15 min): 2 min agenda -> 5 min diagnosis -> 3 min offer pivot -> 3 min close -> 2 min buffer.
Best questions: lead volume/month, consult conversion, avg GCI/side, response-time SLA, decision-maker map.
Pivot line: Based on [PAIN], best fit is [OFFER_NAME] focused on [LEVER_1], [LEVER_2], [LEVER_3].

Objection	Fast response
Too expensive	Compare price to cost of missed transactions in current market.
Not right now	Offer phased rollout: [PHASE_1] now, [PHASE_2] next month.
How do I know?	Show KPI milestones + written guarantee.
Need partner approval	Send one-page decision brief + schedule 3-way call.

6) KPI Dashboard + 7-Day Launch

Red flags to monitor weekly:
- Reply rate < 4% for 2 weeks
- Bounce rate > 2%
- Show rate < 70%
- Proposal close rate < 20%
- Pipeline coverage < 3x monthly booking target

Day	Action	Output
1	Build 125-lead list (Victoria + NA)	Segmented lead sheet
2	Run 5-minute audits on top 40	Tier-1 personalization notes
3	Send first 50 personalized emails	Initial reply data
4	Record 10 Loom audits	Video assets

Day	Action	Output
5	Launch LinkedIn sequence	Multichannel touches live
6	Run first discovery calls	Qualification data
7	Friday retro + optimize hooks	Week-2 plan
